### Maternal and Child Health Block Grant Public Comment Survey

The Federal Title V Maternal and Child Health (MCH) Program is the nation's oldest federal-state partnership aimed at promoting and improving the health, safety, and wellbeing of MCH populations. The MCH Block Grant provides a foundation for funding services to ensure the health of Ohio's mothers, women, children and youth, including children and youth with special health care needs, and their families.

The Ohio Department of Health, Office of Health Improvement and Wellness (OHIW), Bureau of Maternal, Child and Family Health, is charged with administering the Title V MCH Block Grant Program in Ohio. Part of that charge involves soliciting feedback annually regarding the strategies, objectives, activities and performance measures used to address the most critical needs for MCH populations across Ohio. We are currently in the second year of a 5-year cycle. The strategies submitted in this year's Block Grant application are the basis for our work over the 5-year period. We invite and encourage you to take the survey and share your comments with us.

Click here <https://www.surveymonkey.com/r/BlockGrantSurvey> to access the survey. This survey is open for a 30 day public comment period.

Please share this information with your staff and stakeholders (local organizations, advisory groups, sub grantees, consumer groups, etc.) across the state. We ask that you let us know who you have forwarded this announcement to so we can track our outreach.

### HPIO brief explores American Health Care Act decisions for states

The Health Policy Institute of Ohio has released its latest policy brief, "State policy options in the American Health Care Act."

Last month, the U.S. House of Representatives passed the American Health Care Act, a bill aimed at overhauling much of the Affordable Care Act. Although the AHCA is sometimes referred to as a bill to "repeal and replace" the ACA, it leaves many of the decisions to alter the 2010 health reform law in the hands of states.

Given the considerable flexibility in the AHCA for states, Ohio policymakers will have additional policy options available to them if the current bill is signed into law. The new HPIO publication highlights some of the areas in which Ohio policymakers will encounter new decision points.

In addition, the publication estimates changes to 2017 individual marketplace premiums had ACHA provisions been in place during the most-recent open enrollment period. **County profiles** with estimated premiums for various ages and incomes, as well as county-level marketplace enrollment data, are posted for a number of Ohio counties.

### **Gear Up for World Hepatitis Day on July 28th**

Viral hepatitis affects more than 400 million people worldwide and has led to more than 1.3 million deaths globally in 2015. In the United States, an estimated 4 million people are chronically infected and more than 21,000 people died of hepatitis B and hepatitis C-related causes in 2015. Driven by the opioid epidemic, we are losing ground in the fight against new viral hepatitis infections; progress on hepatitis B prevention has stalled and some states have seen increases; and new hepatitis C infections have increased almost 300% from 2010 to 2015.

On July 28th, [World Hepatitis Day](#), join the [World Hepatitis Alliance](#) and other international partners to raise awareness, expand testing, improve care & treatment, and make progress towards global viral hepatitis elimination. ### **Healthy People 2020 Health Disparities Data Widget**

The Office of Disease Prevention and Health Promotion (ODPHP) and the Office of Minority Health (OMH) are pleased to announce the release of a

new [HealthyPeople.gov](#) data search function. The Health Disparities widget is a new way for you to access this health disparities information.

The new widget provides an easy way to find health disparities data related to the Healthy People 2020 objectives for the Leading Health Indicators (LHIs). LHIs are critical health issues that when addressed will help reduce the leading causes of death and preventable illnesses.

It's easy to embed the widget on your site and give your stakeholders easy access to the latest available disparities data. Once you've added the widget, there's no technical maintenance required. The content will update automatically with the latest available data.

The widget provides charts and graphs of disparities data at your fingertips. Use the widget to browse data by:

- Disparity type—including disability, education, income, location, race and ethnicity, and sex)
- Leading Health Indicator

Explore, use and share the widget to help inform issues related to health equity.

Are you hosting an event or want to inform people about your agency's program? If so, please forward information (including date, time, brief narrative, along with a contact person for inclusion within the weekly updates to Janet Greene ([Janet.Greene@hhs.gov](mailto:Janet.Greene@hhs.gov)) or Corstella Henley ([Corstella.Henley@hhs.gov](mailto:Corstella.Henley@hhs.gov)) for review and consideration.

### **July 31st - Mountain States RHEC's Native American Cultural Competency Webinar Series: Cultural Needs Assessments for Health for Providers Working with Tribal Communities**

The Mountain States Regional Health Equity Council (RHEC) aims to end health disparities in Colorado, Montana, North Dakota, South Dakota, Utah, and Wyoming. One of its main priorities is to provide education and awareness of cultural and linguistic competency within the region. The RHEC is hosting a webinar training series on the history of tribes and treaties, utilization of Culturally and Linguistically Appropriate Services standards (National CLAS Standards) and cultural sensitivity when working with tribal communities, and the impact of cultural needs assessments. Upon completion of this webinar, the participants will be able to do the following from the specific tribal perspective:

- Describe the diversity of existing health care in Indian Country and explain the wide and varying differences in tribal health perspectives and cultures of health
- Share examples of best and promising practices of cultural competency aligned with the CLAS Standards
- Increase awareness of health equity challenges in tribal communities through the lens of health and cultural needs assessments

### **Complex Connections: Intimate Partner Violence and Women's Substance Abuse and Recovery**

Tuesday, August 1, 2017, 2:00-3:30 P.M. EST

REGISTER HERE: <http://tinyurl.com/relationshipsmatter5>

Intimate partner violence (IPV) and women's substance abuse are often intertwined. Some women turn to substances to cope with the trauma of IPV, and others are coerced into using substances by an abusive partner. High rates of substance abuse among women seeking domestic violence (DV) services, along with high rates of IPV among women seeking substance abuse treatment, underscore the need for an integrated approach. However, DV programs are often unprepared to support women around substance abuse, just as behavioral health providers are often unprepared to identify and respond to IPV. This webinar focuses on ways behavioral health and DV service providers can work together to address the complex range of issues women face in trying to find safety, access recovery services, and heal from the trauma of IPV.

**The 2017 Neighborhood Urban Community Garden-Orchard Walk and Total Man  
CDC Annual Fall Festival will be Saturday, September 9, 2017.**

Santa Fe, Key Coalition and Oak Park urban community gardeners promote this annual walk to bring awareness to community garden- orchard sites within our neighborhoods and to encourage residents, families, neighbors and others to use these sites as walking destinations. This annual walk offers a chance to inspire walking within the neighborhood as a healthy physical activity for all ages and to allow local residents an opportunity to obtain fresh grown produce.

We would welcome companies, or organizations help in publicizing this upcoming Urban Neighborhood Community Garden -Orchard Walk. We are also asking for donations to help with the cost of printing street signs that indicates miles and directions, cases of water, PowerAde, Gatorade and /or snack bars for participating walkers.

Registered walkers will have a chance to visit and tour six-community gardens, four orchards and one aquaponic site. On-site registration for the Urban Neighborhood Community Garden -Orchard Walk will begin at 8:30 am and end at 9:30 am. Registered walkers can start walking at 9:00 am and end whenever they reach the Fall Festival location at 3100 East 31<sup>st</sup> Street.

## **Funding Opportunities**

## New FY 2017 Funding Opportunity Announcement

The Office of Minority Health (OMH) at the U.S. Department of Health and Human Services administers cooperative agreement and grant programs to support projects that implement innovative models to improve minority health and reduce health disparities.

OMH has released a new competitive funding opportunity announcement (FOA) for which applications are now being accepted. Applications are due by August 1, 2017 at 5 PM ET.

Announcement Number: MP-CPI-17-004

Opportunity Title: Empowered Communities for a Healthier Nation Initiative

Estimated Funding Level: \$5 million per one-year budget period, for a project period of three years

The Office of Minority Health (OMH) at the United States Department of Health and Human Services announces the availability of Fiscal Year 2017 cooperative agreement funds for the Empowered Communities for a Healthier Nation Initiative. The Empowered Communities for a Healthier Nation Initiative seeks to reduce significant health disparities impacting racial and ethnic minorities and/or disadvantaged populations through implementing evidence-based strategies with the greatest potential for impact.

The program is intended to serve residents in communities disproportionately impacted by the opioid epidemic; childhood/adolescent obesity; and serious mental illness.

widely publicized two-day manhunt, that was the end of the story for many.

For mental health professionals, however, the story doesn't end there and certainly didn't begin just two days earlier. According to specialists, a long build-up frequently precedes seemingly sudden outbursts of violence. Yet America's mental health system fails minorities, including African Americans like Stephens, more often than the population as a whole.

Health professionals have recognized this disparity for years, and identified various factors at work. Yvonka Hall of Cleveland hopes to facilitate bringing these strands of research together to produce practical solutions.

The Northeast Ohio Black Health Coalition, which Hall leads, is presenting the "State of Mental Health Disparities in the African American Community Conference: The Case for Correcting Cultural Trauma" in August. "We saw the need for a comprehensive approach to the issues impacting the community as a whole," says Hall.

Both trauma and cultural competency are among the factors which experts see disadvantaging the African American community. The University of Connecticut's Center for Mental Health Disparities says that "many ethnoracial minorities experience cumulative experiences of racism as traumatic, with perhaps a minor event acting as 'the last straw' in triggering trauma reactions." Yet many clinicians overlook the cumulative effect of ongoing racial discrimination, they add.

In combination with other cultural blind spots, systemic barriers including cost have held back effective mental health care for minority communities, according to the American Psychological Association.

Hall says that the August conference will be an opportunity not only to catch up on these issues, but to do real work developing better responses. "The conference will examine the state of mental health disparities through historical documentation, systems exploration and personal testimonies," she says.

"This conference is a unique blend of the issues but also includes solutions," too, says Hall. A range of expert panelists will join attendees in breakout sessions, to explore policy responses for every level, from local communities up to state and national programs.

Nationally recognized award-winning author Julius Bailey, Ph.D., will be part of the conference. Its line-up also includes Ohio state Senator Charleta B. Taveres, and the chair of Case Western Reserve University's Bolton School of Nursing, Faye A. Gary, Ed.D, RN, FAAN. A community organizations panel discussion will feature the NAACP and groups from around the country.

The State of Mental Health Disparities in the African American Community Conference begins at noon on Friday, August 18, and continues on August 19 from 8 a.m. to 5 p.m. The conference will take place at Doubletree by Hilton, 3663 Park East Drive in Beachwood. (To book

### About the Midwest Forum

*The Midwest Forum on Hospitals, Health Systems and Population Health: Partnerships to Build a Culture of Health* will bring together organizations and key stakeholders dedicated to improving the health of all Americans. The goal of the meeting is to engage attendees in a broad dialogue across sectors to solve complex issues to improve the health of communities and integrate clinical and community health and prevention strategies. Participants will share innovative models that are working and inspire the audience to take action to help transform the existing system of care in the United States to a system that strategically plans for and supports the health of its population. Building on health equity as the core forum theme, topics include:

- The policy environment for population health and health system transformation
- Using data for care coordination and population health
- Aligning financial incentives and payment for population health
- The role of purchasers and payers in population health
- Integrating physical and behavioral health
- Developing clinical/community linkages
- Connecting health with community development
- How to engage consumers and patients in population health
- Collaborating on and leveraging community health needs assessment and planning

## LPCA Annual Conference - Call for Speaker

### Abstracts

**The Louisiana Primary Care Association is currently accepting speaker abstract proposals for our 2017 Annual Conference!**

**When: October 10-13, 2017**

**Where: L'Auberge Casino Resort, Lake Charles, LA**

This annual event gathers health center clinicians, administrators, CEOs, board members, and partners from across the healthcare spectrum to discuss issues relevant to community health centers and the patients they serve.

Our theme is "FQHCs: Models of Excellence in Health Care." We will also be celebrating 35 years of serving Louisiana's Community Health Centers! This year's conference will be **BIGGER** and **BETTER** than ever!

**[Click here to submit a speaker abstract!](#)**

Presentations should reflect a current health care model that aligns with the following categories:

---

- Medical, Dental or Behavioral Health
- Quality, Transformation, and Risk Management

- Administrative Policies and Practices
- Outreach and Enrollment
- Human Resources
- Finance and Billing
- Legislative and Policy
- Customer Service
- Marketing and Public Relations

**We encourage you to view suggested conference topics.**

Please submit proposals in areas/topics for which you are passionate and have demonstrated expertise that align with this year's theme. Proposed topics must be as specific as possible. Each submission should concentrate on a single topic for presentation.

Multiple submissions from the same applicant are allowed. A concurrent session is 60 minutes in length (50-minute lecture and 10-minute question & answer session). Presenters will receive complimentary registration, lodging and meals.

All abstracts must be received by Friday, July 14, 2017 to be considered for inclusion in the 2017 agenda. Speakers will be notified of their acceptance by Friday, July 28, 2017.

**Questions may be referred to LPCA Director of Clinical Quality, Shannon Robertson at [srobertson@lPCA.net](mailto:srobertson@lPCA.net) or [www.lPCA.net](http://www.lPCA.net) for more information.**

Buckeye Health Plan is proud to once again sponsor our Community Partners Tent at the 2017 Ohio State Fair in Columbus! Please plan to stop by and say hello!

Each day of the state fair, the tent will give 4 different respected partner agencies (a total of 48 organizations over the 12 days of the fair) a chance to showcase and exhibit their unique and vital community services to thousands of fair visitors – compliments of Buckeye Health Plan.

This year's lineup has been organized to correspond with the Fair's pre-selected theme days. The 2017 Ohio State Fair begins on Wednesday, July 26<sup>th</sup> and ends on Sunday, August 6<sup>th</sup>.

Listed below is the schedule for the Community Partners Tent, which is located just south of the Taste of Ohio Pavilion (the round building) near the midway at the Fairgrounds.

**See everyone at the fair!**

# BARRIOLATINO ART FESTIVAL

Dear Friend,

The 6th Barrio Latino Art Festival celebrates diversity, innovation, and creative achievement--is being planned for Aug. 13, 2017 at 1205 Broadway St (corner of Broadway St and Western St), Toledo, OH 43609, from 12 Noon to 9:00 pm. Barrio Latino Arts Festival, will promote tourism, culture heritage, and the arts in a bold and innovative way. Our mission is to support artists, promote artistic expression, create funds for local charitable organizations, and bring visitors and neighbors together to share in the spirit of the arts in our community. Proceeds from this festival go towards supporting two area nonprofit organizations: (1) NUESTRA GENTE Community Projects, Inc., (2) THE PROVIDENCE CENTER. We recognize the positive effect creative activity has on individuals: providing enjoyment, enlivening spaces, and enriching lives. The festival also makes a practical contribution in terms of sustainability, providing employment, encouraging learning, and inspiring people to adopt active lifestyles. The festival includes live music; folk dancing performances; artisans and crafters with handmade products such as scarves, blankets, cosmetics, and jewelry; a car show; and art kid's activities including a drawing table, face painting, recognition award to an artist, artwork on display, mural painting, crafts, car show, jalapeño contest, and many other special performances and forms of entertainment. Authentic Hispanic food prepared by cooks from the community is one of our biggest attractions. The festival is set in the heart of an urban neighborhood in South Toledo and attracts a very diverse crowd. And, of course, there are offerings for all age groups. The event will be held on the street in open areas with full access for people with disabilities and is easily accessible from public bus routes. We want to increase the attractiveness of the area to tourists, businesses, people and investments through the festival. People (tourists/visitors) spend money on attending the arts and on local businesses. Further, local spending by these arts venues and patronized businesses has indirect multiplier effects.

The Barrio Latino Art Festival brings people and organizations together to celebrate the diversity within the Hispanic heritage and culture. The program will balance community participation with excellence by offering events of both a local and international flavor. Admission is free.

This is a chance to give back to the community and give at-risk youth life-changing opportunities through the arts. Supporting us helps us show our kids another way of life.

We would be grateful if you could support our community Arts Festival. More than 900 volunteers and spectators were in attendance last year, and the event was covered by the local newspapers and television stations. We are anxiously looking forward to even greater success at this year's event and our teens are running much of the programming. If you support us, we will include you in all marketing materials, to our website and plan on recognizing your organization at our event.

Below are the details concerning this year's sponsorship levels:

**Elite Sponsorship options:**

**\$1,500 PLATINUM** Full page (5 x 7 1/2) ad on the front inside page of program book, logo on the poster, sponsor name promoted during the festival, on posters, La Prensa newspaper, information booth space;
